GRANITO PVT. LTD.

GEM COLLECTION

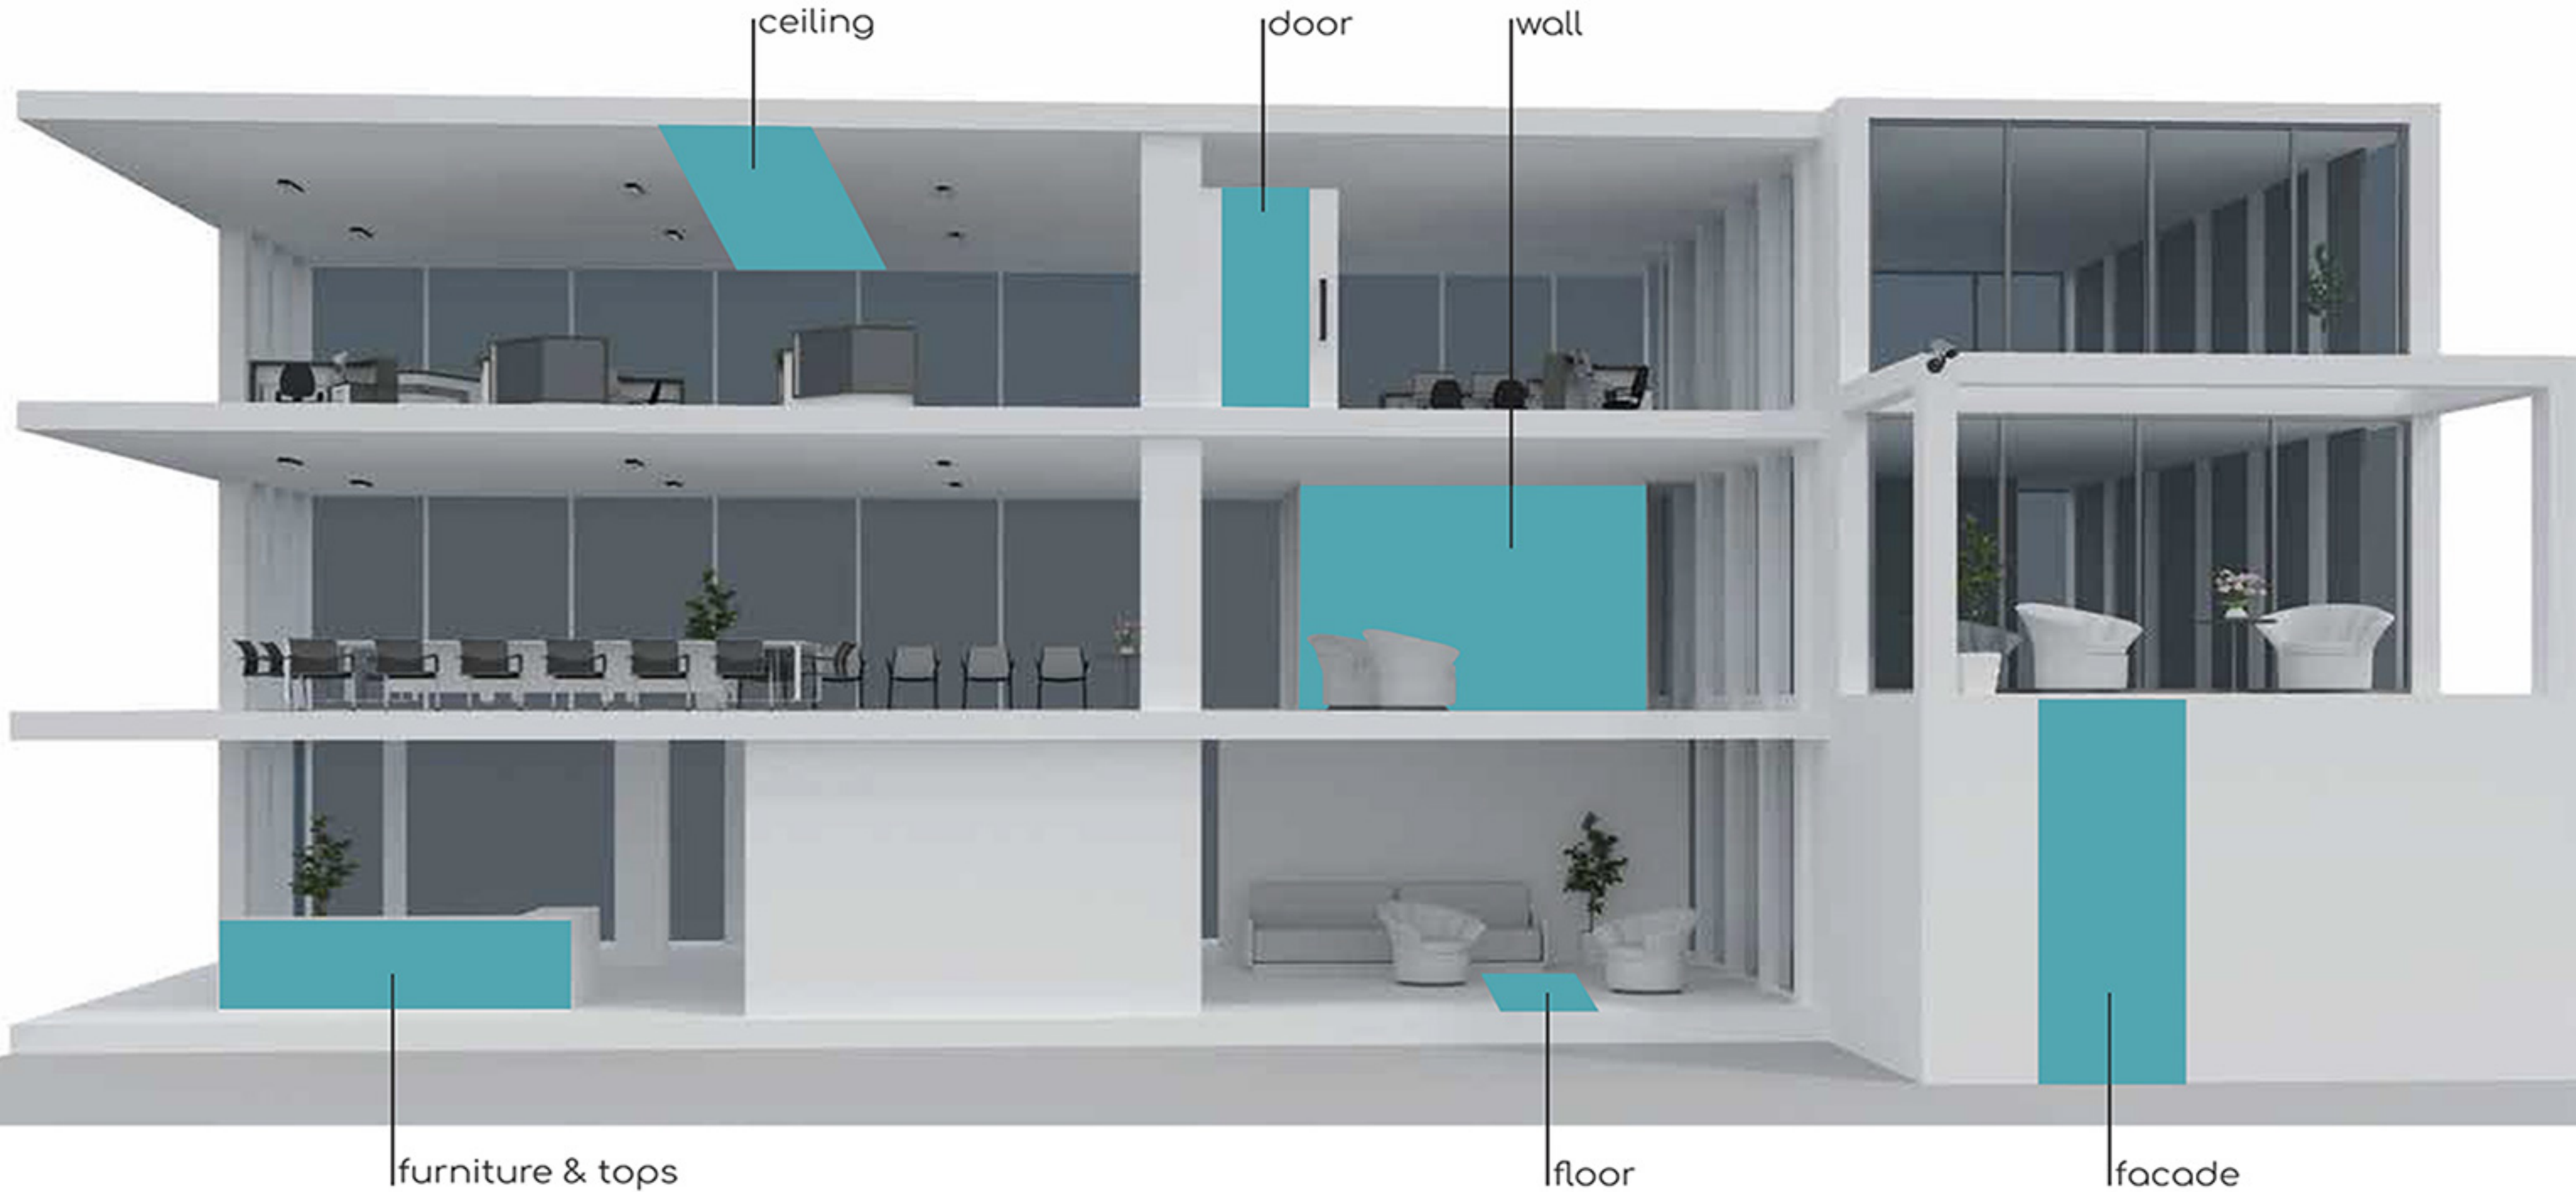

Gem is the wide collection that introduced marble inspired visuals into the krypton range.

Think elegant

The gem series is synonymous with quality and elegance. thank to the unique marble pattern and polished finish, the material has a delicate appearance that imbues spaces with contemporary character and a touch of sophistication

EVERYWHERE YOU LIKE

Taking account of the material's Key qualities, including strength, thermal shock resistance, low thickness and easy of working, the GEM large-size slabs extends the fields of use of porcelain. The GEM collection giving enormous creative freedom to architects and interior designer, who appreciate the versatility of this ceramic surface without limits.

MARBLE ECO-FASCINATION

Marble has become a trendy material.

Nevertheless, its extraction implies an important impact on the environment. Thanks to the most advanced technologies in ceramic manufacturing, at seron, we have obtained a series of collections that reproduce to the finest detail of the aesthetic and tactile characteristics of this material, with an environment-friendly result. Thus, we can propose the experience of scarce marbles whose extraction is highly limited.

CLASSIC AND CONTEMPORARY

For centuries, marble has been an inspiration to architects and sculptors.

It is a very noble material that fascinates with its elegance and all that it means. We have created a series of collections of ceramic marble that capture the historical essence of marble, but adapting it to contemporary aesthetic trends.

A design with the seal of elegance that only the real classics possess. Everlasting and eternal.

A SEARCH FOR THE BEST MATERIALS

We have traveled the whole world
in order to find the most unusual,
precious marbles

*From the passion to offer the most exclusive, unique
materials, ceramic marble collections are born.*
